## Professional Summary

Computer Science graduate with hands-on Data Analytics internship experience, proficient in SQL, Python, Power BI, Tableau, and Excel. Experienced in data cleaning, exploratory data analysis, KPI reporting, dashboard development, and business analysis, with a focus on translating data into actionable business insights.

## Core Competencies

Data Analysis · Business Intelligence · SQL Analytics · Dashboard Development · KPI Reporting · Data Visualization · Exploratory Data Analysis · Root Cause Analysis · Business Process Analysis · Requirement Gathering · Stakeholder Communication · Data-Driven Decision Making

## Work Experience

### Data Analytics Intern | Webshot Digital Private Limited

Jan 2026 – May 2026

Data Analytics Intern

Noida, India

- Analyzed client datasets using **SQL, Python, and Excel** to identify trends, data-quality issues, and actionable business insights across multiple projects.
- Built interactive **Power BI and Tableau dashboards** for KPI monitoring, performance analysis, and compliance reporting, reducing manual reporting effort by **40%**
- Conducted **EDA, root cause analysis, and statistical analysis** to identify customer behavior patterns, operational bottlenecks, and business trends.
- Performed **business process and gap analysis** on pricing operations and developed a surge-pricing optimization framework to identify pricing bands based on demand, supply, and cancellation patterns.
- Developed KPI and market-intelligence reporting for an FMCG cosmetics client, supporting stakeholder decision-making through structured business insights and performance analysis.

### Web Development Intern | Afame Technologies

Jul 2024 – Oct 2024

Web Development Intern

Remote

- Assisted in developing and maintaining responsive web pages using **HTML, CSS, and JavaScript**, ensuring cross-browser compatibility and consistent UI design.
- Collaborated with the development team on debugging, UI fixes, and version control using **Git/GitHub**, gaining exposure to team-based development workflows.

## Projects

### Ride-Share Dynamic Pricing Intelligence

Python · Pandas · Scikit-learn · Seaborn · SciPy

[Github](#)

- Analyzed demand, supply, completion-rate, and surge-level patterns using Python and Pandas to identify optimal dynamic-pricing bands.
- Built a **revenue simulation framework** to evaluate pricing scenarios and estimate the potential impact of different surge levels on effective revenue.
- Developed a **6-panel executive dashboard and business analysis** presenting pricing trends, customer behavior, and actionable recommendations

### Marketing & KPI Reporting Dashboard

Power BI · SQL · Excel · DAX

- Developed a self-service Power BI dashboard for campaign KPI monitoring, enabling stakeholders to independently track performance and reducing reliance on manual reporting.
- Integrated CRM and advertising-platform data using **SQL and Power Query**, and developed DAX measures for **CTR, CPC, and ROAS** analysis.
- Implemented interactive drill-downs by **channel, date, and customer segment** to support campaign performance analysis and business reporting.

## Skills and Certifications

**Languages & Querying:** SQL (Joins, Aggregations, Window Functions, CTEs, PL/SQL), Python (Pandas, NumPy), DAX

**BI & Visualization:** Power BI, Tableau, Excel (XLOOKUP, INDEX-MATCH, Pivot Tables & Charts, Conditional Formatting, Power Query), Matplotlib, Seaborn

**Data Engineering:** ETL/ELT Pipelines, Data Modeling (Star/Snowflake Schema), Data Warehousing, Snowflake

**Analytics & Statistics:** EDA, Hypothesis Testing, Trend Analysis, Funnel Analysis, Statistical Modeling, Feature Engineering, Risk Classification

**Cloud & Tools:** Git, GitHub, VS Code, Microsoft SQL Server, PostgreSQL

**Certifications:** Deloitte Data Analytics Virtual Experience (Forage), British Airways Data Science Job Simulation (Forage)

## Education

Guru Gobind Singh Indraprastha University (ADGIPS), Delhi

2022 – 2026

Bachelor of Technology – Computer Science & Engineering, Minor in Artificial Intelligence & Machine Learning

CGPA: 8.92

## Achievements

- Winner, Hult Prize 2025** – NIT Hamirpur, global student entrepreneurship competition.
- Top 70 National Finalist** — Hult Prize, IIT Bombay, selected from **1,700+** participating teams.
- President, Cultural Society (Awaaz ADGIPS)** — Led a **300+** member student team and managed college-wide cultural events.
