Professional Summary

Computer Science graduate with hands-on experience in Data Analytics and strong exposure to Business Analysis through client-facing projects. Proficient in SQL, Python, Power BI, Tableau, and Excel, with expertise in data analysis, dashboard development, KPI reporting, ETL, and business insights. Passionate about solving business problems using data.

Core Competencies

Data Analysis · Business Analysis · Requirement Gathering · Stakeholder Communication · Dashboard Development · KPI Definition & Reporting · Business Process & Gap Analysis · Data-Driven Decision Making · Root Cause Analysis · Business Intelligence

Work Experience

Data Analytics Intern | Webshot Digital Private Limited

Jan 2026 – May 2026

Data Analytics Intern

Noida, India

- Partnered with cross-functional stakeholders to gather requirements and analyzed large-scale datasets using **SQL, Python, and Excel**, ensuring data quality and supporting business decision-making across multiple client projects.
- Built interactive **Power BI and Tableau dashboards** for KPI definition and reporting, performance monitoring, and compliance tracking — reducing manual reporting effort by **40%**.
- Conducted EDA, **root cause analysis**, and statistical analysis on business data to uncover trends, customer behavior patterns, and operational bottlenecks.
- Performed **business process and gap analysis** on pricing operations, designing a surge pricing optimization framework that identified optimal bands to maximize revenue while minimizing cancellations.
- Delivered market intelligence and KPI framework development for a leading FMCG cosmetics client through business reporting and stakeholder communication, contributing to a reported **5–7% improvement in profitability**.

Web Development Intern | Afame Technologies

Jul 2024 – Oct 2024

Web Development Intern

Remote

- Assisted in developing and maintaining responsive web pages using **HTML, CSS, and JavaScript**, ensuring cross-browser compatibility and consistent UI design.
- Collaborated with the development team on debugging, UI fixes, and version control using **Git/GitHub**, gaining exposure to team-based development workflows.

Projects

Ride-Share Dynamic Pricing Intelligence

Python · Pandas · Scikit-learn · Seaborn · SciPy

[Github](#)

- Improved pricing decisions** by identifying optimal surge bands (~1.0–1.5x), projecting an **8–12% increase** in total effective revenue through demand-supply and completion-rate analytics.
- Built a revenue simulation framework in Python analyzing demand and completion-rate trends across surge levels.
- Presented actionable insights via a 6-panel executive dashboard and business memo for stakeholder review.

Marketing & KPI Reporting Dashboard

Power BI · SQL · Excel · DAX

[Github](#)

- Reduced ad-hoc reporting requests by ~35%** by delivering a self-service Power BI dashboard for real-time campaign KPI monitoring.
- Integrated multi-source CRM and ad-platform data using SQL and Power Query; implemented **DAX measures** for CTR, CPC, and ROAS.
- Enabled stakeholders to drill down by channel, date, and segment, improving cross-team business reporting.

Skills and Certifications

Languages & Querying: SQL (Joins, Aggregations, Window Functions, CTEs, PL/SQL), Python (Pandas, NumPy), DAX

BI & Visualization: Power BI, Tableau, Excel (XLOOKUP, INDEX-MATCH, Pivot Tables & Charts, Conditional Formatting, Power Query), Matplotlib, Seaborn

Data Engineering: ETL/ELT Pipelines, Data Modeling (Star/Snowflake Schema), Data Warehousing, Snowflake

Analytics & Statistics: EDA, Hypothesis Testing, Trend Analysis, Funnel Analysis, Statistical Modeling, Feature Engineering, Risk Classification

Cloud & Tools: Azure (Data Factory), Git, GitHub, VS Code, Microsoft SQL Server, PostgreSQL

Certifications: Deloitte Data Analytics Virtual Experience (Forage), British Airways Data Science Job Simulation (Forage)

Education

Guru Gobind Singh Indraprastha University (ADGIPS), Delhi

2022 – 2026

Bachelor of Technology – Computer Science & Engineering, Minor in Artificial Intelligence & ML

CGPA: 8.92

Achievements

- Winner, Hult Prize 2025** – NIT Hamirpur, world's largest student startup **competition**.
- Top 70 National Finalist** (of 1700+ teams) – Hult Prize, IIT Bombay.
- President, Cultural Society (Awaaz ADGIPS)** — led a 300+ member team managing college-wide cultural events.
